25CO4 **Automotive Maintenance, Farm Mechanics**

Modern automobiles are important to many aspects of American life. Those who service automobiles must understand each principle, and how these principles interact to provide smooth, efficient performance. Owners of cars also benefit by understanding how their vehicles operate. This enables them to understand why certain periodic maintenance is required to keep their vehicles in tip-top shape.

From the mattock and hoe to the horse and mule, the cotton gin and reaper, the tractor and air seeder - this is the story of farm equipment. Today, most farms are mechanized and farmers can do most of their own maintenance work and make the adjustments needed on their many intricate farm implements.

25CO5 Backpacking, Hiking

Earning the Backpacking merit badge will be demanding but rewarding. Scouts will learn what equipment to carry on their backs and what knowledge to have in their heads. In addition, Scouts will discover how to protect the environment by traveling and camping without leaving a trace. By mastering the basics of backpacking, Scouts will develop an even deeper respect for the outdoors.

Hiking is a terrific way to keep your body and mind in top shape, both now and for a lifetime. Walking packs power into your legs and makes your heart and lungs healthy and strong. Exploring the outdoors challenges you with discoveries and new ideas. Your senses will improve as you use your eyes and ears to gather information along the way.

9-10:55 AM **Days:** Mo Tu We Th **Room:** Scoutcraft
Minimum Age: 12
Minimum Rank: Second Class
Maximum number of participants: 20

25CO79 Basketry

Basketry is a handy skill for a Scout. A basket can be a sturdy companion on campouts, carrying clothes snugly and efficiently, holding potatoes and corn for roasting over a campfire, or carrying the day's fishing catch back to camp for dinner. Baskets and basket-weaving projects also make great gifts for family and friends.

25CO9 Camping

Camping is one of the best-known methods of the Scouting movement. When he founded the Scouting movement in the early 1900s, Robert Baden-Powell encouraged every Scout to learn the art of living out-of-doors. He believed a young person able to take care of themselves while camping would have the confidence to meet life's other challenges, too.

25CO11 Chemistry, Nuclear Science

Chemistry explores how substances react with each other, how they change, how certain forces connect molecules, and how molecules are made. Stretch your imagination to envision molecules that cannot be seen - but can be proven to exist - and you become a chemist.

Nuclear science gives us a simple explanation of the natural world. The ultimate goal of nuclear science is to find out if there is one fundamental rule that explains how matter and forces interact. Earning the Nuclear Science merit badge is a chance for Scouts to learn about this exciting field at the cutting edge of science today.

25CO56 First Year Camper (Brazos Buccaneers)

This is a 3-hour class that we offer from 9:00 a.m. to 12:00 p.m. We designed this program for the Scouts in their first six months with a Scout BSA troop. They will spend their time focused on basic Scouting skills and having FUN!!! We know that many youth and parents expect summer camp to be an opportunity to earn merit badges. Consequently, these Scouts enrolled in the First Year Camper program have an opportunity to sign up for two (2) merit badges in the afternoon. We strongly recommend enrolling them in a selection from the following list:

Basketry, Leatherwork, Art, Sculpture, Woodcarving, Swimming*

9-11:55 AM **Days:** Mo Tu We Th **Room:** TFC: Trail to First Class

Sessions: Week 1

Prerequisites: If your Scouts would like to register for this program, simply select First Year Camper (Brazos Buccaneers) from the menu and then the two merit badges they would like to take in the subsequent spots. As always, we will not sign-off any requirements for rank advancement as a part of this program. The signing-off of requirements remains the responsibility of the Scoutmaster or their designee. All we will do is provide instruction in those requirements.

25CO24 Fishing

Baden-Powell offered this advice: "Every Scout ought to be able to fish in order to get food for himself. A tenderfoot [beginner] who starved on the bank of a river full of fish would look very silly, yet it might happen to one who had never learned to catch fish."

25CO25 Geocaching, Orienteering

Earn two merit badges in one class.

The word geocache is a combination of "geo," which means "earth," and "cache," which means "a hiding place." Geocaching describes a hiding place on planet Earth - a hiding place you can find using a GPS unit. A GPS (Global Positioning System) unit is an electronic tool that shows you where to go based on information it gets from satellites in space.

Orienteering, the use of map and compass to find locations and plan a journey, has been a vital skill for humans for thousands of years. Orienteering is also a recognized sport at the Olympic Games, and thousands of people participate in the sport each year in local clubs and competitions.

25CO29 Lifesaving

No Scout will ignore a plea for help. However, the desire to help is of little use unless one knows how to give the proper aid. The main purpose of the Lifesaving merit badge is to prepare Scouts to assist those involved in water accidents, teaching them the basic knowledge of rescue techniques, the skills to perform them, and the judgment to know when and how to act so that they can be prepared for emergencies.

25CO33 Moviemaking, Photography

Moviemaking includes the fundamentals of producing motion pictures, including the use of effective light, accurate focus, careful composition (or arrangement), and appropriate camera movement to tell stories. In earning the badge, Scouts will also learn to develop a story and describe other pre- and post-production processes necessary for making a quality motion picture.

Beyond capturing family memories, photography offers a chance to be creative. Many photographers use photography to express their creativity, using lighting, composition, depth, color, and content to make their photographs into more than snapshots. Good photographs tell us about a person, a news event, a product, a place, a scientific breakthrough, an endangered animal, or a time in history.
